

Week of Field Trips

K-6 FARM WISCONSIN
7-10 L.I.F.T. @ CAMP WAKONDA

Last week was full of adventures! On October 6th, grades K-6 had a field trip to Farm Wisconsin, a discovery center about agriculture in Wisconsin. Students got to explore and learn how our food is grown in our state. They even witnessed a cow give birth!

K-6 watching a cow give birth at Farm Wisconsin

Pictured is K-10 and our teaching staff

Meanwhile, at Camp Wakonda, Grades 7-10 participated in a 3-day program from October 5-7 called Lifestyle Improvement For Teens (LIFT). During this time at camp, students participated in various classes, including but not limited to Relationships 101, Etiquette, Self Defense (taught by our Mr. Victor), and Art, just to name a few. If students weren't taking classes, they were having fun hanging out with friends, playing games, or participating in the worship program.
